

Your firm is terrific. Took us eight years to find a really good A-C company.

David and Curtis are the perfect salespersons: knowledgeable, patient, and personable. They explained everything in detail and answered all our questions.

And then Reuben came and was also wonderful. He crawled under and around the mobile and his measurements were exact.

And then Jesse & Bernie show up on time (as all your people did) and cheerfully worked hard to install this huge system.

The best part; the system works perfectly, and we are really comfortable. I will recommend you to everyone and am glad to provide references.

Sincerely,

Lynne Lichtenstein
